LIMITED HEALTH MAINTENANCE ORGANIZATIONS CHAPTER 43 OF TITLE 38.2 OF THE CODE OF VIRGINIA

REQUIREMENTS FOR ORGANIZING AND LICENSING IN VIRGINIA

No person shall establish or operate a limited health maintenance organization (HMO) in this Commonwealth without first obtaining a license from the Bureau of Insurance (Bureau). To be considered for a license, an applicant must submit a completed *Application for Initial License as a Limited Health Maintenance Organization* to the Bureau's Financial Regulation Division pursuant to [Chapter 43 \(§ 38.2-4300 et seq.\)](#) of Title 38.2 of the Code of Virginia (*Health Maintenance Organization*). Prospective applicants should contact the Bureau about their intention to establish a limited HMO in Virginia. By doing so, the applicant will have the opportunity to submit a more thorough and acceptable application.

The following definitions may prove useful in reviewing these requirements:

"Health care plan" means any arrangement in which any person undertakes to provide, arrange for, pay for, or reimburse any part of the cost of any health care services. A significant part of the arrangement shall consist or arranging for or providing health care services, including emergency services and services rendered by nonparticipating referral providers, as distinguished from mere indemnification against the cost of the services, on a prepaid basis. For purposes of this section, a significant part shall mean at least 90 percent of total costs of health care services.

"Health maintenance organization" means any person who undertakes to provide or arrange for one or more health care plans.

"Limited health care services" means dental care services, vision care services, mental health care services, substance abuse services, pharmaceutical services, and such other services as may be determined by the Commission to be limited health care services. Limited healthcare services shall not include hospital, medical, surgical or emergency services except as such services are provided incident to the limited health care services set forth in the preceding sentence.

Any person, including a foreign corporation, may apply to the Commission for a license to establish and operate a Health Maintenance Organization pursuant to [§ 38.2-4301 A](#) of the Code of Virginia.

Applicants should use this format in the financial projections to report covered and uncovered expenses on a quarterly basis. The expenses should be reported on a noncumulative quarterly basis and report total expenses, not just projected expenses allocated to Virginia business.
